

## Looking on

### Round 5 Chatteris,

Looks like this weekend is going to be another great meeting, again the adult groups have booked out and this should make for some interesting racing. Those of you who were there last year had better start hoping the weather isn't the same!

### Help wanted,

The last meeting was eventful for the committee to say the least and we need YOUR help. On race day we need additional people on track to help with the running of the meeting and to help the clerk of the course ensure that the track is safe and well managed. Obviously the advantage of this is that you get a brilliant view of the racing and get to be part of the meeting. If you are interested see a member of the committee this weekend.

### Flags and their meanings,

With a large amount of on track incidents it has highlighted that some of you are choosing to ignore waved yellow flags and are seeing this as an opportunity to catch up/overtake to the rider in front. This weekend has seen riders lose points as a result. **WE ARE NOW ENFORCING A ZERO TOLERANCE PROCEDURE.** If you do not slow down past an incident your number will be taken and you will be penalised. . . .end of! One of these days it **will** be you on the floor and you will thank us for this! Can we also ask that all parents make sure that their children are aware of the flags and there meanings, before they take to the track.

### FUN FUN FUN,

Its coming up the Arncott fun day, and this year will see a continuation of the somewhat traditional theme. We will run a practice on the Saturday 10-3pm. Then we are planning a parents race after this (you are eligible as long as you currently don't ride/race a bike!!) Then Pitbike races, wheelbarrow racing (we bust the wheelchairs last year!) Pancake relays, Bingo and Deanos legendary disco! More details will follow. But safe to say it's a day/night not to miss.
