

Round 3

Bletchingdon,

Round 3 of the series runs this weekend (25/4/10) at Bletchingdon. The team from SSC are hard at work as I write this to get the track into tip top condition. Once again some good line ups should prove for some excellent racing around the flowing natural track.

Start Gates,

Thanks very much too all you have been helping with setting and packing away the start gates, your help is very much appreciated. We do still need helpers on the Saturday evening setting them up. If you can spare 30mins please see a member of the committee.

Presentation,

It only seems like a few weeks ago since the last one but the girls have been flat out planning this years event, due to the larger numbers of members in the club, we have booked the popular Hilton Hotel in Watford again. The date for the event will be November 13th. Further details will follow.

Bike Numbers & Scutineering,

The lap scorers have been struggling to read numbers and are constantly trying to find bikes that do not exist!! From this weekend if your bike doesn't have the correct numbers on it will not pass scrutineering and you will have to cue again to get a passDon't say you haven't been told!

Wanna be famous?,

The website is looking a bit low on photos, if you want to be on the website or even as a background to the site send your pics to davidh@newnorth.co.uk or roger.botha@btopenworld.com and we will put them up for you.

See you Sunday
