

Well here we go! I am sure by now you are looking forward to the coming season and are training hard for the gate drop in March, it would be nice to get out practicing but unless you have got either snow chains or arm bands its kinda down to the choice of one venue. MEPAL!

Looking ahead, You need to start getting your membership away soon, as we are now attracting more new members and some of the larger capacity classes do fill up fast.

There is now a link on the Join page for you to follow, this provides us with your Mobile number for the SMS text messaging service. When you fill this in you will be guaranteed to receive bang up to date info as we get it!

Plans for the coming season are now well advanced and all the youth classes are being sponsored! This is great news as each sponsor will be providing prizes for the championship contenders at the end of the season.

Another exciting change is the we will be organising marshalls so if you dont want to bring one you dont have to, and if you do you will be paid BONUS.

Soon be racing again.
KSMXC

Faster, Harder, louder, better, more!
