

Round 1

What a corker, The first round of the championship is done and was a storming success, big groups, mega competitive racing, a top class venue and in excellent condition all added up to a brilliant day at the races. After the winter we have had, it was a joy to be back on the track (and not spend 3 hours with a jet wash in your hand at the end of the day).

As a committee are very pleased with the feedback we received from you all with regards to way the meeting was organised and run. Also very pleasing is the good feedback we got from non-members.

Round 2, Booking in is now open and some of the groups are already full, if you are not booked in don't hang about as Wroxtton is a popular circuit and WILL BE BUSY!

Booking in, A change to last year is that booking in will now open on the Monday following a race meeting, so you can get booked in, (before you even clean your bike) and then not worry about it until you turn up at the venue for the next race.

Autos & Juniors, Wroxtton is the first Round of the Auto/Junior challenge, so come on dads get your little un's booked in for the chance to win some extra Silverware!.

Finally a Massive thanks to Kelvin at stephengillplantsales.com for sponsoring the meeting at the weekend. It is very much appreciated

2010 is looking good!
