

2010

Great Success

Well you couldn't have written it, after a tense couple of weeks for the committee wondering how we were going to get water to Arlescote, mother nature stepped in with our track preparation. Arlescote was in arguably the best condition of any circuit we have ridden this season and fair play to the chaps who prepped the track as they got it bang on!

Round 9 see the the KSMXC loyal pack up the camping gear as we head for Pontrillas, we are expecting this to be a BIG meeting so get booked in NOW. Once non members start booking in the places will go fast and they are on a first served basis so if you want your places at this round hurry up.

Camping is open from 12 noon on Friday through to 12 noon on Monday, with the track open for practice from 11am on the Saturday.

Practice prices are £20 for autos – Big wheels and £25 for schoolboys – Adults.

The last meeting was unfortunately spoilt by people leaving litter again and we are as a team, discussing what actions we will take with the individuals concerned, but I can only say that it is completely inexcusable. Please can we not have any repetition of this?

Quickly I'd like to thank all of you who helped taking down tapes and generally tidying up after the last round. Cheers.

See you on the 28th?
